

NeuroBrave Secret Sauce

Developers Community Eco-System

Plug-Ins Infrastructure Architecture

3 competitive differentiators for 3 of the main Pain Points of the industry

Proprietary DSP and Radar
unique algorithms best
fitted to the Neural world

HW Agnostic Sensor-Fusion
enabling a generic software
product

Innovative Plugin
Architecture and
Network Effect

Neurotech Companies Market Capital, Market Size, opportunity

There are up-to-date 900-1000 active Neurotechnology companies
Companies boom in the last 5 years With a growth rate of 235.4%
in the past 15 months
